

Purpose

The typical application field of Blocking Filter EBF 10 is to isolate High Voltage and low frequency disturbing signals from the TDR cable-fault detector

Specifications

Impedance..... 120 Ohm
 Frequency response
 Between 100 kHz and 1,6 MHz..... ± 2 dB

Connectors

For connecting the cable..... Crocodile clips
 For connecting the TDR 4mm banana sockets

Input protection

Between wires 500V RMS 50/60 Hz
 Between wires and Earth 300V RMS 50/60 Hz

Mechanical Data

Weight ~0.1 kg
 Dimensions..... 72 x 50 x 26 mm

Ordering Information

Blocking Filter EBF 10 328-000-000
